Effects of an Unlawful Merger.

In regard to freight rates on the Lexington & Eastern railroad, and its extension east of Jackson, we had a talk with our Railroad Commissioner a few days ago in regard to these exorbitant rates, and he stated the Legislature had failed to give the Commission any power to make a joint freight rate over two lines of railroad, and that their hands were tied so they can give no relief. He also informed us some three months ago that the L. & N. railroad people were going to revise their tariff list on local shipments of all kinds of merchandise, but they have not done so and it does not look to us like they are going to. It does seem to us an injustice to this section of the country, and that the L. & N. railroad should give rates on its line from Lexington to McRoberts, Ky., on the same mileage basis that the C. & O. does through the Big Sandy section. The L. & N. railroad cannot justly claim that it is more expensive to build and operate railroads through this section of the mountains to McRoberts than it is through the Big Sandy section to Elkhorn and Jenkins. The freight rate on the C. & O. through the same kind of country on practically every classification and commodity is at least 40% lower than on the L. & N. R. R. Before the L. & E. R. R. was taken over by the L. & N. R. R. all car-load shipments made to Cincinnati were delivered to the different factories on different switches in that city without any switching charges whatever, but since this consolidation our shippers have had to pay from three to eight dollars per car for switching in Cincinnati. It does seem to us that if we cannot get as much benefit out of being put into the hands of a large railroad as we did with a small railroad 94 miles long, that we cannot see why the laws of Kentucky would permit any such merging of railroads.

Upon investigation we find that years ago the Railroad Commission issued blanket orders releasing the railroads from the long and short haul clause of our Constitution, thus making our shippers pay a great deal more for goods consigned to places intermediate between originating points and Louisville and Cincinnati.

If the L. & N. R. R. will not do justice to our people in giving a fair and decent freight rate we do not see how the railroad companies are entitled to any release of the long and short haul of our Constitution. The shippers should take hold of this matter and see that the Kentucky Railroad Commission rescind all these blanket orders that have been made by the old Commissioners.

Well Known Minister Passes Away.

Elder Richard French died at his home in Winchester Friday night last after an illness of twelve months. The Rev. French was well-known and loved by many church-going people in territory adjacent to Clay Clay, he having preached a number of times at both Salem and Powell's Valley churches.

A. C. Barnes returned yesterday from a few days visit to relatives and friends in Estill county.

Away With the Obnoxious Parasites.

The insurance companies have published "An Explanation to Business Men of Kentucky" showing the record of their business in this State for the past twenty years, which, rounded up, is as follows: Risks written, \$5,073,099,450; average rate, 1.38%; premiums collected, \$70,304,681; losses paid, \$40,063,622; ratio of loss to premiums, 57%; expenses \$27,573,811; total profits in the twenty years, \$2,667,246. This looks real fair, but then these are the companies' figures.

Just take a look at the cost of the insurance, which for the past twenty years is put at the enormous amount of \$27,573,811, or an average of about 40 per cent. Why should it cost \$40 to take care of insurance where the premium is but \$100. Something is wrong and rotten here. The insurance companies are stealing their profits through the items of cost. Anybody knows there is no need of spending 40 cents to the dollar to look after insurance business. The agents of the companies do nine-tenths of the work and they are paid only 15%.

The figures further show that the insured people of Kentucky for the past 20 years have paid \$1.00 for every 57 cents of loss received. Suppose these people had have deposited the amount of these premiums each year in the savings banks of the State and received 3% interest on this money and have taken from these deposits only a sufficient amount each year to pay the losses, don't you believe we would be better off? In this way the bank would have insured us, and at the same time paid us for doing so, and left us now approximately \$50,000,000 ahead. The insurance business should be stopped and drummed out of the country as expensive parasites. They are robbers and hypocrites that should not be recognized as legitimate business people. Away with them. They may never write us a dollar's policy; we do not care. We will never sacrifice a principle for protection or favors.

Federal Funds Available.

Funds available in all of the states of the Union for the improvement of roads during the year 1914 are shown in the official Good Roads Year Book, issued by the American Highway Association which is now ready for distribution. This is one of the new features of the book which will make it invaluable to every state, county and city highway official. The Year Book discloses for the first time that appropriations by the state Legislatures for road improvement in various states are available. Twenty-five thousand dollars is the Kentucky appropriation.

Moves to Clay City.

Elder Deward Matherly has moved his family to this city. It will be remembered that he was making preparations to move here about two months ago and was prevented from doing so then when he happened to a serious accident in which he got an ankle bone broken. He is still on crutches.

COMMENCEMENT EXERCISES.

Commencement exercises of the Clay City Graded School will begin on Sunday, May 3rd. Rev. Chas. G. Mann will preach the Baccalaureate sermon in the Methodist church at 11 o'clock, a. m., Sunday.

Class night will be held also in the Methodist church on the following Friday night, beginning at 8 o'clock.

Now for Powell.

The Estill Fiscal Court passed resolutions favoring a vote on the bond issue to raise funds to build turnpikes in the county. A petition asking the County Judge to call such an election must be signed by at least 15 per cent. of the voters of the county. This requirement will be complied with and the vote called without a doubt.

How about Powell for the next county to vote the bonds? The State can do us no good unless we have the money to put up against the State's funds, and we can raise the money only by voting the bonds. Then let us get busy and beat our neighbor yet. Everybody should be for it, and in fact most everybody is for it; then now for the vote and then for the pikes.

Rev. Mann to Leave Us.

We regret to note that the Rev. Chas. G. Mann will leave Clay City and return to Ohio. Bro. Mann is a splendid minister and an ideal citizen. He and his estimable wife have greatly endeared themselves to all Clay City people. They may rest assured that when they leave us they carry with them the best wishes of every inhabitant of Clay City.

Now to Arbitrate.

The Times is glad to learn that the Mexican trouble is to be settled by arbitration, in which representatives from Brazil, Argentina, and Chili are to be the arbitrators. These countries are all of the same blood and training as the Mexicans, and it is probable that Huerta will get the favors in the settlement. It would have been better to have arbitrated the trouble before the American lives were lost in the battles at Vera Cruz. Huerta offered to arbitrate before a gun was fired, but President Wilson refused. At the time we thought that was one of Wilson's mistakes and we think so yet. One happy outcome of the affair is that Huerta is to resign. To this the pretender agrees. While the matter was up it does occur to us that peace should be made between the Mexican rebels and the Huertans, and the turmoil down there quieted down.

BUYS FINE IMPORTED CATTLE.

Carter Reynolds, one of the progressive farmers in this part of the county, has just received from Illinois four fine thoroughbred Aberdeen-Angus heifers and a thoroughbred Hereford yearling bull. These cattle are fine individuals as well as being finely bred. The five head are all yearlings and cost him the neat sum of \$290, which is very cheap when you consider the breeding of these favorite animals. That is just what this county needs, more good cattle and less poor and scrubby stock.

The Times commends Mr. Reynolds in his wise selection of cattle and we hope to see more of our farmers raising thoroughbred stock in the future, even though they handle a fewer quantity. Ten good cattle well kept always yields more profit than twenty poor cattle half fed.

WOULDN'T ATTEND THE SHOOTING.

Col. Phil Chinn, horseman, of Harrodsburg, Ky., who returned the other day from Juarez, Mex., where he had a string of horses, tells a story of personal observation of how Gen. Villa, rebel leader, rules with an iron hand.

Chinn said he became well acquainted with Villa and that while there Villa charged that twenty-eight saloonkeepers violated his order against selling liquor to his soldiers. He ordered that the twenty-eight dealers be shot and invited Chinn to witness the execution. Chinn said he refused the invitation.—Harrodsburg Leader.

LIVES BACK TO GOOD OLD MOUNTAIN HOME.

John A. Haney, of Montgomery county, was here Monday. Mr. Haney is a native of Morgan county, but sold out his mountain home two years ago and moved to the Bluegrass. Mr. Haney has recently sold his farm in Montgomery county and is moving back to Morgan to spend the remainder of his days with his children and life-long friends.

Hog jowl and greens are favorites on the bill of fare just now.

CORN CROP.

The corn crop of Kentucky is worth more than all the other farm crops combined. Its estimated value in 1913 was \$56,876,000, more than twice that of the State's tobacco crop.

The year of 1913 was not a good crop year and the average yield for the State was only twenty bushels to the acre. Some of the best of the corn growing States did not do as well, but the average yield for the country at large was twenty-three bushels. In acreage Kentucky ranks eleventh among the States, but in 1913 thirty-four States reported a higher average yield. In 1910 and 1912, better crop years, the State's average was approximately thirty bushels, but the average in more than half the States of the Union was higher.

The figures show conclusively that the corn growers of the State are not getting the results they ought to get from their efforts. Kentucky had 3,650,000 acres in corn in 1913. Soil improvement, more care in seed corn selection and better methods of cultivation, would double the production of the more than three million acres of land that Kentucky in planting every year to say that only moderate improvement in these particulars on the part of the rank and file of the farmers there would be a material increase of production—and that without any increase of acreage.

The average yield of corn in some of our counties is as low as fifteen bushels. That this is due solely to poor methods has been demonstrated by the boy's corn club, which in every section of the State, from the mountains to the Mississippi River have made records of 100 bushels and upward to the acre.—Courier-Journal.

HAPPY DAYS IN KENTUCKY.

A Kentucky editor living in far-off Texas delivered himself thusly while in one of his homesick modes:

"I have the picture of my old home down in Kentucky, and as I view that old ramshackle log house, it takes me back in memory to childhood's happy hours, when a sore toe and a bottle of castor oil were the only troubles that beset my pathway. Sometimes when the world grows dreary and all humanity casts off its smile, I think of the old log cabin around which circled the realms of bliss that once were mine—a little tie in the clouds of long ago, where I sat on a throne of genuine contentment. A little old fluttermill, a Billy barlow with half the blade broke off and a fish hook and line constituted my worldly possessions, but let me tell you they declared a greater dividend each balmy summer day in peace and joy than all the wealth that Standard Oil can bring to old John Rockefeller."

Our Stanton correspondent wields our candidate for U. S. Senator a jolt in his letter this week, and cites where a Kansas court has declared the Web-Kenyon bill valid.

The truth of it is Stanley is a local option man and stands with the President, Senator James, Congressman Cantrill and other leaders in Congress on the national issue of liquor. We do not like that of him, and were it not for his extraordinary powers against the unfair railroads and robbing trusts and combines, we would not be for him for U. S. Senator. He is prompted to act on the whiskey question, however, from principle, not for a fee. The Democratic party is not a prohibition party; we wish it was. The prohibition plank is about all that is lacking. What we need worse though, is men in office who will carry out the pledges of the Democratic party, and who will enforce the law. This we have not got in Kentucky. There is not a half dozen officials at Frankfort that would dare attempt to overthrow the rule of the L. & N. railroad. In fact the Attorney General of the State stated to us in conversation that no man could be elected to office who was against the railroads, and mentioned two failures of this kind as an example.

Yes if we had officials in Kentucky as they have in Kansas, we could get better laws and better men to enforce them; men who are not afraid and "practice what the preach," both against the law-breaking railroads and the whiskey interests. Stanley is our man to a tee-y-tee, with the exception of his views on the national issue, and these same objections are held against our President and all other leaders of Congress in both parties.

As we stated last week, we see nothing to justify the loss of a single life to maintain the dignity of the flag, as in the Mexican case. War means the loss of life. Then let us take it to ourselves personally. Who of us is it that would give up a father or son in cold death to make a weaker nation salute the flag of this country? Plenty of people are willing to sacrifice life to protect the dignity of the flag just so long as it is some other life. Would President Wilson have walked out and deliberately been shot to death to make Huerta salute the flag? If he would not, then where is there a moral right of his to require others to do so?

War is cruel and inhuman. No nation is thoroughly Christianized that will provoke war. There

possibly are instances in which it is justifiable, but only in the great loss of property or life.

It takes money to run a war even with a small country like Spain and Mexico. During the Spanish-American war all deeds, mortgages, contracts, checks, and many other things had to bear a special tax to be legal. If we have war with Mexico, the Government will have to raise more funds. It is therefore likely that the stamp act will be with us again, though it has been suggested that the income tax on the rich be doubled. This, it is claimed, will meet the war expenses. By all means, give us the increase on incomes, as it is so much more convenient to pay it this way rather than by the stamp route. It is so much trouble to get the stamps and affix them. We would so much rather pay our share all in a lump through the medium of the income tax.

"The American Pure Food Company" is the name of another disguised concern that is flooding the local postoffice with circulars advertising whiskey in great abundance. Such circulars should not be allowed to be mailed. Whiskey is easily enough located by anyone who wants to drink it, without pursuing men (who want to quit and have voted it out of their way), with glaring circulars of great claims for their goods, and then it is even worse when a concern is allowed to hound up men inclined to live sober, by trying to influence them with the style of the firm "Pure Food Company," when every body should know that whiskey is not a food, but a poison which destroys both the soul and body of all men who are unable to control it.

There is great opposition to J. Campbell Cantrill for re-election to Congress this fall. Nearly all the Democratic papers of the district are against him. Cantrill is a wet man through and through and this only has kept him there so long as he has been. But then there are four more counties in the district now than there were before. It will be remembered how he, fearing the vote of these four counties, two years ago, pulled off a snap primary, not waiting for the new primary law to take effect, which did so in August. He was afraid of us then, and well may he be afraid of us now, for we do not like him up here a bit. Some of the whiskey men of course do, but that is all.

The old saying goes that when once a person gets newspaper ink on his hands he can never get it off has been demonstrated again. Emin Elam will take charge of the Campton Courier after a short lay-off from the Salyerville Monutaineer, when he thought he would never again enter the newspaper field.

Bro. Elam is a typical mountaineer who is not afraid to defend his home and his people. The Times is delighted to know that he is coming back to the fold of mountain journalists. We need him and more such editors to help defend our rights from the onslaughts of some of our narrow-minded Bluegrass neighbors.

Teddy surely has not heard of the Mexican trouble or he would be here with his daring Rough Riders.

Tomorrow will see the change in rates. The fare hereafter will be but two and one-half cents per mile instead of three cents. It should be two cents and would be but for the evident purchase by the railroads of enough cheap members of the Legislature to thwart any objectional legislation to the railroads. They killed the anti-pass bill, the Railroad Commission bill, and the two cent bill, and would have killed the two and one-half cent bill if the railroads had have desired them do so; but the roads were forced to these rates by the laws of other States that are not completely owned by the railroads as Kentucky is.

The movement recently inaugurated to get one million people in attendance at the Sunday Schools in Kentucky Sunday is a very reasonable request. The question is, dear reader, will you and yours be there. You can invite others to attend, but cannot induce them against their will, but we can go and take the members of our own family. The undertaking is very commendable and should be sacredly carried out.

And now comes the report from Frankfort that the omission from the enrollment of the enacting clause of the two-and-one-half cent railroad fare law passed at the recent session of the Kentucky Legislature may result in litigation. And what more could be expected?

We see where Caleb Powers has changed his mind, and will run for Congress again in the Eleventh district after declaring he would not. It is a shame on Kentucky to have such a character to represent any part of the State at the National Capitol.

The fact "that wise men sometimes change their minds while fools never do," is a good proverb to recite when one pokes fun at us Democrats because Wilson has changed his policy on the canal toll.

We always appreciate the reading of both the Winchester papers, but on Tuesday we were denied this privilege as neither the Democrat nor the Sun got to this office.

Mr. James Ewen was in Richmond on business this week.

Mr. E. H. Fuller was in Lexington last week on business.

Miss Anna Clark spent three days in Winchester with Mr. and Mrs. Ford.

Last Friday night was the last night the Literary Society meets this school year.

Mr. Dan Milton moved his family to Winchester Wednesday of this week.

Mr. J. D. Atkinson and son, Clarence were in Lexington this week on business.

Misses Labe and Mila Knox were visiting friends in Winchester over Sunday.

Mr. J. R. Stone visited his sister, Mrs. Margaret Owens, of Winchester, this week.

Rev. S. C. Madden, of Caney, Ky., a Baptist preacher, preached at Christian church last Sunday.

Mrs. Albert Skidmore, accompanied her mother and brother to Lexington where they went to consult a doctor.

Mr. D. R. Clark spent several days in Fayette county at the home of his daughter, Mrs. Irvie Conlee.

Prof. Buck went to Clay City to visit with his cousins, Rev. C. G. Mann and sister, before they left for Ohio on Wednesday of this week.

Rev. J. C. Hanley, and wife, went to Lexington last Thursday where they heard the great singer, Madam Schuman-Heinz. They report her singing as wonderful.

The writer was in Winchester Thursday where he spoke at the S. S. Institute of the Presbyterian Church. The Institute was a splendid success with a large attendance.

Miss Mayme Derickson has received her commission as Postmaster and will assume charge the first day of May. The office will be in the old Court House building.

Next Sunday, May 3rd has been set aside by a proclamation of the Governor of Kentucky, as a day for every-body to go to Sunday School. We believe that Stanton can hold the record of Kentucky if all the people will turn out as they did a few Sundays ago. Let us see if we cannot do it.

Mr. Ben Sewell, of Jackson, interest him.

made his usual welcome trip to Stanton. He was accompanied by Mr. Mich Crane, one of the wealthiest and best known men in Jackson. The writer was warned not to say too much about why Mr. Crane came, but Mr. Crane knows that we have the best that can be found in Kentucky right here in Stanton. Come again Mr. Crane as you are right welcome.

Rev. Lloyd Martin who went to Southern Mexico last winter has been forced to return on account of the trouble between Mexico and the United States. He barely got away while the manager of the company he was with is still there, unable to get away. Bro. Martin will locate his family at Rosslyn till the trouble is over and then he expects to return to Mexico where he has bought 100 acres of land. He says that it is the finest land and richest in the world.

Will some one please explain the following puzzle: If Mr. Stanley refused to vote for the Web-Kenyon Prohibition bill because he knew absolutely that it was defective, then why didn't he introduce an amendment to that bill and make it effective if he was in favor of prohibiting liquor being shipped into dry territory, or why didn't he point out to Mr. Web to Mr. Kenyon wherein it was defective. Evidently the Supreme Court of several states differ from Mr. Stanley for they have held it valid. Just two weeks ago the Supreme Court of Kansas held it valid and we are sure that Mr. Stanley is not a smarter man than those eminent lawyeas. No Indeed, Mr. Stanley was against that bill, not because of its defectiveness, but because he belongs soul and body to the liquor interests. His past record shows this.

The entertainment incident to the Commencement season at Stanton College will begin next week and continue until the following Monday, when the graduation exercises proper will be held. As has always been the case, so this year these entertainments will be of a very high class. Preparations are well under way and every one connected with the College is busy. Teachers and pupils all are putting forth strenuous efforts to make the Commencement season even a greater success than heretofore. While with plays, recitals, contests, exhibitions, etc., there will be no lack of interesting and entertaining features. Everybody will be able to find something to their taste.

On Saturday afternoon, the ever popular program of the little people will be carried out. This year this entertainment will be in the nature of an afternoon with Mother Goose. The little ones have learned the jingles and the songs of the nursery and the fun and enjoyment of listening to them present "Jack and Jill," "Old Mother Hubbard," "Little Boy Blue," and the rest will be unsurpassed.

Sabbath morning the Baccalaureate Sermon will be preached in the College Chapel by the Rev. E. O. Guerrant, D. D. Everybody in the mountains of Kentucky knows Dr. Guerrant and those who may be permitted to hear him on this occasion will be greatly benefitted. Special sacred music will be rendered by a choir.

On Monday night, the 11th, four young and beautiful and accomplished young ladies will read their orations and receive their diplomas certifying to their completion of the High School course of Stanton College. The graduating class consists of Misses Stella Congleton, Beatrice Blount, Mila Knox, Maud Bowen. The address on this occasion will be delivered by the Rev. Dr. Guerrant.

Besides these entertainments, there will be an exhibit of school work by the pupils of the different rooms. Sample work, in the nature of maps, examinations, daily writing exercises, poems, essays, stories, etc., will be displayed at convenient places in

The opening entertainment of the series will take place on Wednesday night, May 6th. This will be the recital of the music pupils. These scholars have been putting in their best practice during the past few weeks in preparation for this, and each one will give a good account of herself when she appears for this public performance. Miss Knox has her pupils well trained and selections from the simplest to the most difficult will be rendered at the recital. Parents and near friends of the performers will be especially delighted with the manner in which their favorites acquitted themselves.

On Thursday night will occur one of the most enjoyable entertainments of the entire lot. This will be the Freshman play. The College Freshmen and their friends will appear as actors in the little comedy entitled "The Wooing of Latane." This is a very pretty play of love and business intrigue, with its hero and heroine and its villain and its funny negro. Anyone who misses this play will regret it for it is going to be a feature. Persons who take part are Misses Gladys Welch, Rheta Ewen and Mary Pearl Eastin, and Messrs. Marion Atkinson, John Campbell, Herbert Jones, James Chaney, Richard Hardwick, Gopher Martin and Prof. Buck.

On account of the commencement exercises at Clay City on Friday night, that night will not be occupied by any of the entertainments in this series at Stanton. But on Saturday night the Gold Medal Declamation Contest will take place. Everybody knows what exciting contests these have been in the past, and this year will be no exception. Five young ladies will deliver declamations, the winner to receive a beautiful gold medal. Those taking part will be Misses Anna Clark, Maxie Johnson, Daisy Johnson, Opha Frazier and Gladys Welch. The contest is the climax of the excitement not only of the Commencement season, but of the entire school year. This year the pieces selected are of a very high order, and the young contestants are busy with their practice.

On Saturday afternoon, the ever popular program of the little people will be carried out. This year this entertainment will be in the nature of an afternoon with Mother Goose. The little ones have learned the jingles and the songs of the nursery and the fun and enjoyment of listening to them present "Jack and Jill," "Old Mother Hubbard," "Little Boy Blue," and the rest will be unsurpassed.

Sabbath morning the Baccalaureate Sermon will be preached in the College Chapel by the Rev. E. O. Guerrant, D. D. Besides these entertainments, there will be an exhibit of school work by the pupils of the different rooms. Sample work, in the nature of maps, examinations, daily writing exercises, poems, essays, stories, etc., will be displayed at convenient places in

the College building. The friends and public are cordially invited to visit the building at any time during the Commencement season, and see these exhibits.

In these exercises this year the College management will depart a little from their usual custom. Heretofore all the Commencement entertainments, except the Gold Medal contest, have been free. This year an admittance fee will be charged for all the enter-

tainments, as follows: Music Recital, 10 cents; Freshman play, children, 10 cents, grown people, 25 cents; Gold Medal contest, 10 and 25 cents; Graduation exercises, 10 cents. The object of the admission fee is to raise funds to repair the walk from town to the College. This is a worthy object and all the citizens of the community should patronize the enter-

AGRICULTURAL EXTENSION.**A New Live Stock Exchange.**

Inquiries have been so frequently made at the Kentucky Agricultural Experiment Station for information regarding where live stock of various classes could be bought and also inquiries for purchasers have been so numerous that the Extension Department of the Experiment Station has made arrangements to conduct a live stock exchange, or in other words a medium through which live stock of all classes can be bought and sold by the farmers of the State.

This plan is for any one who has stock to sell to make that fact known to the Experiment Station, giving an accurate description of each animal offered for sale, the price asked, etc.

It must be clearly understood that the Station assumes no responsibility for the results of a transaction either as regards the stock being as represented or in regard to the reliability of purchases. The sole function of the Station will be to put prospective buyers and sellers in communication with each other, leaving them to make their own transactions on their own responsibility. The Station will make no charge for its services.

When stock that have been listed with this exchange have been disposed of by any means, the one who originally listed them will be required to notify the Station, otherwise he will not be allowed to list stock thereafter.

The proposed exchange will handle horses, beef and dairy cattle, sheep and swine.

Communications with this department should be frequent as permanent advertising is not the object of the exchange but rather the selling of certain individual animals listed and described.

In case this service works satisfactorily it is hoped later to add a department for the exchange of implements and sundry farming appliances, also to act as a medium for getting prospective tenants and landlords together.

Nearly all professions and industries except farming have effectual working organizations, these being local, county and State or even nation wide. Any agency that will facilitate the prompt exchange of live stock and other farming necessities should be a great convenience to the farming public.

A Call From the Governor.**To The People of Kentucky:**

Whereas, the supreme need in our State today is that the forces which make for character and Christianity shall control the forces which make for intelligence and patriotism, and one of the greatest forces which make for character and Christianity is the Sunday School;

Whereas, in an effort to produce a "Greater and a Better Kentucky", the Kentucky Sunday School Association has appointed May third as a "Go to Sunday School Day", hoping to have one million people in Sunday School that day;

Whereas, the Sunday Schools of all denominations will observe this day with appropriate exercises, and are issuing invitations to all our citizens to attend Sunday School;

And, whereas, those who are interested in the welfare of our State should work together to produce the best citizenship;

Therefore, I, James B. McCreary, Governor of the Commonwealth of Kentucky, call upon all Kentuckians and the visitors within our borders to attend Sunday School in the church of their choice on May third 1914, that they may give encouragement and honor to those who teach in these schools, that they may see the work which is being done, and that they may in this service worship their God.

In Testimony Whereof, I have caused these letters to be made patent, and the seal of the Commonwealth to be hereunto affixed. Done at Frankfort, the twenty-third day of April, in the year of our Lord one thousand nine hundred and fourteen, and in the one hundred and twenty-second year of the Commonwealth.

A number of Powell county Spanish-American war veterans, fighting brothers were ready to go to the front in Mexico on a moment's notice, if their services were needed. Some of them were neither the Spanish-American nor the Civil war about Powell furnishing her full quota of volunteers, and her men always proved good fighters. Some of the boys, in fact, seem disappointed that they will not get to go.

THE OHIO FARMER

FOR the past quarter of a century, there has been one Farm Paper that has stood out from its fellows like a ray of lightning through a dark sky; its straightforward and fearless attitude on every big question affecting the public in general and the farmer in particular; by its unchanging policy of accepting for publication, only the advertising of established and reputable concerns; by its unfaltering advocacy of everything that has contributed to the betterment of the farmer, his family and farm, it has ennobled its name at the very forefront of The American Farm Press.—**THE OHIO FARMER.**

OUR PAPER

Little need be said about our own paper. You are all familiar with our aims and plans. Suffice it to say that we will continue to publish the kind of a paper that will aid in promoting the welfare of our Home and Civic life. We hope to continue to enjoy the confidence and good will of our people here at home. We will strive hard to merit it.

What finer present could you make your family, than a year's subscription to these splendid publications, thus insuring for Father, Mother, and the Boys and Girls, a full supply of instructive and entertaining reading for the long Winter evenings that are coming?

At this season of the year, all sorts of combination offers are made, most of which consist of cheap, unknown publications that possess very little value. Here we offer you FOUR publications, each of which is well known to you as being absolutely reliable. We feel extremely enthusiastic over this offer and have no hesitancy in urging our readers to subscribe. It is a genuine bargain. Take advantage of it NOW, as it may be withdrawn at any time.

A HOME-MADE PAPER.

THURSDAY, April 30, 1914.

LOCAL BREVITIES.

Born, Sunday, to Mr. and Mrs. Pat Smith, a son.

E. B. McGlone is in Canada on a business mission.

Mrs. Burrel Akers visited friends in Lexington Tuesday.

Mrs. W. R. Cassidy spent Tuesday with relatives in Winchester.

C. C. Daniel was at Nada yesterday and bought several head of cattle to graze.

Frank Mountz, of Ballinger, Texas, is spending a few days with his brother, Wm. Mountz, Sr.

The whippowils have sounded their Spring note which is always considered good corn planting time.

Now that school is so near out, many parents tell us they can see trouble staring them in the face.

Quite a number of our farmers and traders were at Winchester Monday and transacted business in the Court markets.

Mr. and Mrs. Lud Witt, of Levee, came over Saturday to visit Pete Phillips and family. Mr. Phillips continues very low.

Mrs Chas. G. Mann has gone to Ohio to remain with relatives until her husband can join her which will be about the middle of May.

The rains that fall seem to be just enough to keep the roads in a rutty and uneven condition. But, just wait until we get those turnpikes.

Some grades of cattle sold as high as 10 cents per pound at the Mt. Sterling court and sold for almost that much at Winchester Monday.

Mrs. E. R. W. Cox, whose illness was noted in this paper last week, shows no sign of improvement and has been removed to the home of her son, H. G. Crabtree, near the city, that Mr. Crabtree's family may give full attention to his mother's illness.

Spring Laxative and Blood Cleanser
Flush out the accumulated waste and poisons of the winter months; cleans your stomach, liver and kidneys of all impurities. Take Dr. King's New Life Pills; nothing better for purifying the blood. Mild, non gripping laxative. Cures constipation; makes you feel fine. Take no other. 25c., at your Druggist.—Adv.

Bucklen's Arnica Salve for All Hurts.—Adv.

The cool air that has swooped down upon us this morning promotes the prediction that we will have frost in May, according as we had thunder February 4.

Mrs. Williams calls attention this week to her new line of clothing and millinery. We hope you will take the pains to call and see the new stock at this popular store.

Will Adams, a popular L. & E. railway conductor, who for the past few months has been on duty on the extension, is spending the week with his family in this city.

Notwithstanding the continued wet weather farmers are farther advanced with their crops than usual at this time of the year. A great deal of corn has already been planted.

Mayo Recovering.

John Q. C. Mayo, the Kentucky coal magnate, who, for two months has been in a Cincinnati hospital, hovering between life and death with Bright's disease, will probably recover. He has gone to New York for further treatment.

Our Anticipations Fall Again.

We were sure we would get out ahead of time this week, and would have done so, but just as we had type enough set to print our four pages other important items came in that required a six page paper, so here we are with six pages full of interesting reading.

Two Commencements in One.

The Commencements of both Stanton College and the Clay City Graded Schools will take place next week. Excellent programs for both entertainments have been prepared. Every one should attend these exercises and in this way lend encouragement to the splendid schools of your county.

Lodge Members Notice.

Castle Hall of Red River No. 70 K. of P.

To the Members of the above named Lodge: There will be a meeting of this Lodge held May 5th at which J. W. Carter, G. K. of R. and S., will be on hand. All members are urged to be present. Business of importance will come before our Lodge.

Strengthens Weak and Tired Women

"I was under a great strain nursing a relative through these months' sickness," writes Mrs. J. C. Van De Sande, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be with out it." Do you feel tired and worn out? No appetite and food won't digest? It isn't the spring weather. You need Electric Bitters. Start a month's treatment to-day; nothing better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c. and \$1.00, at your Druggist.—Adv.

Bucklen's Arnica Salve for All Hurts.—Adv.

Wm. Swope, of McCormick, who has charge of the L. & E. parks, has been here this week looking after the beautifying of the Clay City park.

Clears Complexion--Removes Skin Blemishes

Why go through life embarrassed and disfigured with pimples, eruptions, blackheads, red rough skin, or suffering the tortures of Eczema, itch, tetter, salt rheum. Just ask your Druggist for Dr. Hobson's Eczema Ointment. Follow the simple suggestions and your skin worries are over. Mild, Soothing, effective. Excellent for babies and delicate, tender skin. Stops chapping. Always helps. Relief or money back. 50c., at your Druggist.—Adv.

An Automobile.

A Powell county school girl being required to write an essay of 250 words on an "Automobile", handed in the following:

"My rich uncle bought an automobile. He was riding in the country when it busted going up a hill. I suppose this is about 50 words. The other 200 are what my uncle said when he was walking back to town; but I don't dare write them down."

Check Your April Cough

Thawing frost and April rains chill you to the very marrow, you catch cold—Head and lungs stuffed—You are feverish—Cough continually and feel miserable—You need Dr. King's New Discovery. It soothes inflamed and irritated throat and lungs, stops cough, and you feel fine. Mr. J. T. Davis, of Stickney Corner, Me., "Was cured of a dreadful cough after doctor's treatment and all other remedies failed. Relief or money back. Pleasant—Children like it. Get a bottle to-day. 50c. and \$1.00 at your Druggist.—Adv.

FARMERS' UNION.

It would be useless to try to explain in detail the process of "Ideal Marketing," drummers, middlemen and other important questions through the medium of the Clay City Times, as its space is limited for such articles. However, these are matters of vital interest to farmers and should be carefully pursued in some good agricultural paper. We would recommend the National Field, official organ of the National Farmers' Union, Atlanta, Ga., and Up-to-date Farming, Indianapolis, Ind.
